

Spring Presidents Letter

Hey everyone, I hope you are all enjoying the new website? It has been quite a work in progress! With more to come in the upcoming months! My wife is tired of harassing me into a letter, so I have decided to call this my "Spring" letter and let it cover the past few months and upcoming news worthy events! I would like to welcome Peter Spadoni to the board of directors. Peter fills the vacancy left by Greg Jones. Peter's background will add great dimension to the board and I, as well as the entire board are excited to have Peter as part of the WCHA board! Our first show in Madras went off without a hitch. We experienced all sorts of weather, with the wind literally blowing us out town. The facility and cattle were wonderful and I thank the Norton's for their hospitality. It was great to see so many familiar faces, as well as some new faces! We just finished up our 2nd show in Sunnyside at Pete Sartin's. Sunnyside lived up to its reputation with warm sunny weather. It brought smiles to faces and frisky horses. It was good to be back! Sunnyside had been our home for years at the Feedlot and then we moved to Pete's arena. The cattle situation has improved in that area and we are able to again have shows at Pete's. Pete has done a great deal of work around his place to better accommodate our increased entries. We also have brought in portable stalls that will stay at his place throughout the show season. I am happy to report we now have about 78 stalls available for each show. So for those of you that would like to reserve your stalls for the entire show season, please let Becky know? Ogden gets underway this week and I wish all of our member's great success!

A reminder on the website! This is our main source of member contact. The site is only as good as its information. So we implore all of you to submit news, announcements, and ads and so on. If anyone has any idea's to further enhance the site please let us know? We are also requesting email addresses. It is our hope to have a master club email list to send out last minute news and announcements so please email us your address and news. Our contact information is under the contact tab on the site.

See you in May!

Scott
